

# **Iowa Department of Natural Resources**

## **Draft Title V Operating Permit**

### **Fact Sheet, Conclusions of Law & Preliminary Determination**

This document has been prepared to fulfill the public participation requirements of 40 CFR Part 70 and 567 Iowa Administrative Code (IAC) 22.107(6).

---

The Department of Natural Resources (DNR) finds that:

1. Natural Gas Pipeline Company of America/Station 205, located at 1155 200<sup>th</sup> Street, Keota, Iowa, 52248 has applied for an air pollution control operating permit. The designated responsible official of this facility is Mr. Joseph McLaughlin.
2. The Natural Gas Pipeline Company of America/Station 205 facility is a natural gas compressor station.
3. The Natural Gas Pipeline Company of America/Station 205 facility consists of five emission units with potential emissions of:

<u>Pollutant</u>	<u>Pollutant</u>	<u>Potential Emissions</u> (Tons per Year)
Particulate Matter less than 10 microns in diameter	PM-10	8.39
Particulate Matter	PM	8.39
Sulfur Dioxide	SO <sub>2</sub>	0.12
Nitrogen Oxides	NO <sub>x</sub>	826.94
Volatile Organic Compounds	VOC	11.34
Carbon Monoxide	CO	59.13
Lead	Lead	0.00
Hazardous Air Pollutants	HAPs	11.06

4. Natural Gas Pipeline Company of America/Station 205 submitted an air pollution control permit application and plans and specifications and any additional information describing the facility on 12/26/95 and on 06/06/00.
5. DNR has reviewed Natural Gas Pipeline Company of America/Station 205's operating permit application, plans, specifications and other information available to DNR.
6. DNR has prepared a Preliminary Determination on the approvability of the operating permit application.
7. This permit is for the operation of a Title V source.
8. DNR has complied with the procedures set forth in 567 IAC 22.107
9. This air contaminant source meets all of the applicable criteria for issuance of an operating permit specified in 567 IAC 22.107.

10. DNR has complied with the requirements of 567 IAC 22.107(6) regarding public notice, opportunity for public hearing, and notification of EPA and surrounding state and local air pollution programs.
- 

DNR concludes that:

1. The Iowa Department of Natural Resources has authority under 455B.133 Code of Iowa to promulgate rules contained in 567 IAC Chapters 20-31, including, but not limited to, rules containing emission limits, providing for compliance schedules, compliance determination methods and issuance of permits.
  2. DNR has the authority to issue air pollution control permits and to include conditions in such permits under 455B.134 Code of Iowa.
  3. The emission limits included in this permit are authorized by 455B.133 Code of Iowa and 567 IAC Chapters 20-31.
  4. DNR is required to comply with 567 IAC Chapter 22 in conjunction with issuing a Title V Operating Permit.
  5. The issuance of this permit does not preclude the DNR from pursuing enforcement action for any violation.
- 

Natural Gas Pipeline Company of America/Station 205 is authorized to operate its natural gas compressor station in conformity with the emission limits, monitoring, record keeping and reporting requirements and specific and general conditions set forth in this permit.
